

Notice of Agency Rulemaking Proposal

AGENCY: Department of Health and Human Services-Maine CDC

RULE TITLE OR SUBJECT: Immunization Requirements for School Children

PROPOSED RULE NUMBER: 10-144 C.M.R., Ch. 261

CONCISE SUMMARY: Notice of these proposed rule changes was previously published on or about March 1, 2017. The prior notice, however, inadvertently failed to include notice of the date, time and location of the required public hearing for these proposed rule changes. This notice now includes notice of the required public hearing. The substance of these proposed rule changes remains the same as the proposed rule changes in the notice published on or about March 1, 2017. More specifically, this addition of a Meningococcal vaccine to the required school entry for children entering 7th grade would further protect Maine students from contracting meningitis, which affects 1,000 to 2,600 people annually in the U.S..
